How did you ever survive without your smartphone?

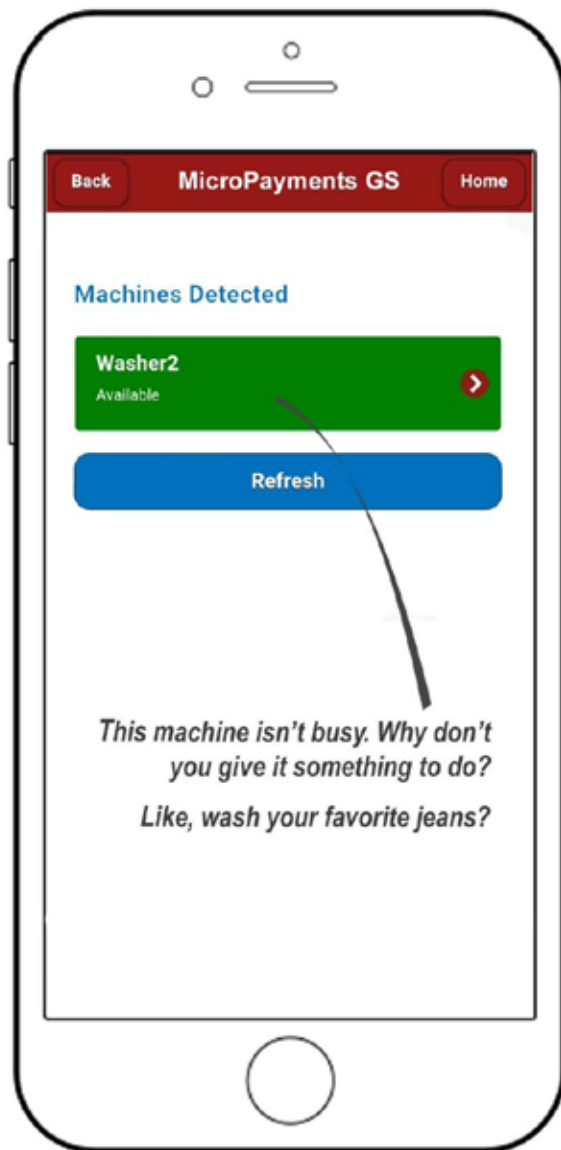

At this point, it does just about everything but your laundry, right?

Well, now it can do that too!

The **MicroPayments GS**  Laundry Payment System gives you the ease and flexibility of paying for your laundry with your phone instead of quarters.

After downloading the app and registering (*who you are, where you live, setting up your payment method, etc.*), you can go to your laundry room, turn on Bluetooth, and launch the app. The app will scan the laundry machines and tell you which ones are available.

Choose the one you want, and when prompted, tap the machine icon, and you're good to go!

Getting started is fast and easy -

1

Go to the App Store or Google Play and search for "MicroPayments GS".

2

Set up an account. Load Funds (maybe even get a reward)

3

Go do your laundry, just like you always do. Except this time, leave the quarters behind.
